Lisos Flamé / Slub Solids

Una exclusiva colección de 4 tejidos lisos, evocadores de los tonos tierra, piedra y yute proyectan con la presencia de los hilos de estructura flamé el uso de las urdimbres lino. Esta sobria y elegante gama de colores tostados de la colección da a toldos y estructuras exteriores un look elegante y sofisticado a la vez que natural.

This exclusive collection contains four new solids that offer a sophisticated yet natural look through the use of subtle earth tones combined with slub yarns in the weaving process, adding a new dimension of depth and texture to our awning range.
